Blacklab_RSG_BRF_facility_overview_v5.docx;

Jacob,

Here is an updated copy of that one-page handout we worked on recently with some feedback from Daewook. Also some references below (mixed format, sorry, let me know if you need more info on these).

S. Biggar, N. Anderson, L. Fulton, G. Kvaran, and H. Kortmeyer, "Reflectance factor measurements of the OLI flight diffusers," in *Conference on Characterization and Radiometric Calibration for Remote Sensing (CalCon)*, Logan, UT, USA, Proc. 2011.

S. F. Biggar, J. F. Labed, R. P. Santer, P. N. Slater, R. D. Jackson, and M. S. Moran, "Laboratory calibration of field reflectance panels," Proc. SPIE, 1988, pp. 232–240.

Anderson, N., et al. (2002). Bidirectional calibration results for the cleaning of Spectralon reference panels. International Symposium on Optical Science and Technology, SPIE.
